

2021 OSWA Annual General Meeting

Preparing for the #NewNormal

February 2, 3 & 4, 2021

Virtual Sessions Tuesday, Wednesday & Thursday Mornings & Afternoons at 10am & 1pm each day

The OSWA AGM is going to be different in 2021. In 2021, instead of a full one-day in person meeting, we will host a series of sessions spread over three days! Our AGM will become a virtual Zoom event with 60-90 minute sessions in the morning at 10am and the afternoon at 1pm for three-days during the first week of February.

You and your colleagues will be able to participate without travelling, whether you're working from home or in your office. And when your company registers for the AGM, different members of your team will be able to participate in specific sessions that are relevant to different staff members.

Topics will include the actual AGM or business meeting, the annual Economic Forecast from Peter Norman, a full report from the Structural Lumber Task force, an in-depth look at developments in Codes and Standards, Lumber Pricing, Insurance news and . . . MORE!

To attend all you will need is a solid Internet connection, a device capable of running Zoom and to be registered with OSWA.

As the cliché goes, 2020 was an unprecedented year. Are you ready for 2021? Plan for your company to attend the OSWA AGM and be ready for the #NewNormal.
