

## EWP DESIGN SOFTWARE EASTERN CANADA

### SINGLE MEMBER DESIGN

#### BOISE CASCADE - BC CALC™

[BC Calc](#) | [BC Framer](#)

#### CSD - isDESIGN™

[isDesign®](#) - [CSD Software](#)

#### LP BUILDING SOLUTIONS - LP SOLID START DESIGN™

[LP SolidStart Design Software](#) | [LP Building Solutions \(lpcorp.com\)](#)

#### NORDIC STRUCTURES SOFTWARE

<https://www.nordic.ca/en/documentation/software>

#### TRIFORCE - TRIFORCE ANALYZER®

[Analyzer Software for Architects & Engineers](#) | [TRIFORCE® Open Joist \(openjoisttriforce.com\)](#)

#### WEYERHAEUSER / TRUS JOIST - ForteWEB™

[ForteWEB™ Software :: Weyerhaeuser](#)

#### WOODWORKS! - WOODWORKS SIZER®

[WoodWorks® Software – Engineering Software For Wood Design \(woodworks-software.com\)](#)

### LAYOUT AND DESIGN

#### ALPINE - IntelliVIEW Suite®

[IntelliVIEW Suite - Alpine - An ITW Company \(alpineitw.com\)](#)

#### BOISE CASCADE - BC FRAMER™

[BC BMD](#) | [BC Framers Software](#)

#### CSD - isPlan™

[isPlan®](#) - [CSD Software](#)

#### MITEK - STRUCTURE®

[Structure - MiTek Canada](#)

#### SIMPSON STRONG-TIE - CS EWP STUDIO™

[CS EWP Studio](#) | [Simpson Strong-Tie \(strongtie.com\)](#)

#### WEYERHAEUSER / TRUS JOIST - JAVELIN™

[Javelin® Software :: Weyerhaeuser](#)

#### Design Software for Engineered Wood Products

EWP design software, single member component design or whole house design, is a critical tool used in every EWP design office. Whether the software is provided by the manufacturer or an independent third-party firm, they all are written in accordance with accepted engineering design procedures stipulated in CSA O86, NBCC 2015, and OBC 2012.
